

La Crosse Bike Share

Thank you for volunteering to take this survey. Part one asks questions connected to Bike Sharing and bicycling in the La Crosse area. The second part of the survey will let us know a little bit about the person taking the survey.

Let's start with a short description of what a bike share program is.

Bike sharing is an innovative transportation program, ideal for short distance, point-to-point trips providing users the ability to pick up a bicycle at any self-serve bike station and return it to any bike station located within the system's service area.

13. Which statement best describes riding a bicycle in the city of La Crosse?

Riding a bike in the City of La Crosse traffic is too dangerous

It is only safe to ride on bike paths and trails.

Some streets are ok, but I don't feel safe crossing all the busy/multi lane roads (West Ave, Losey Blvd, 3rd, 4th St, etc...)

If someone is cautious and confident around traffic, you can get where you want to go.

La Crosse is a bicyclist paradise
